4-H is America's largest youth development organization — empowering nearly six million young people across the U.S. with the skills to lead for a lifetime. 4-H'ers are 4 times more likely to give back to their communities, 2 times more likely to make healthier choices and 2 times more likely to participate in Science, Technology, Engineering and Math (STEM) activities!¹

Adult volunteers are vital to the ongoing growth and development of youth in 4-H. Research shows the structured learning, encouragement and adult mentoring youth receive through 4-H helps them achieve future life successes.¹
